

Mimix Asia, a subsidiary of Mimix Broadband, Inc. has been registered to ISO 9001 since 2001. As part of the industry's total quality management standard, this certification demonstrates our commitment to quality. Mimix Asia upgraded its registration to ISO 9001:2008 in March 2009. Furthermore, the company regards total quality management as a primary and continuous initiative and business practice.

Quality Assurance

At Mimix Asia, we've integrated quality into all of our business practices. Beginning with our ISO 9001-registered Quality Management System, which includes our comprehensive testing and manufacturing processes, and extending throughout the company, each employee is empowered to continually identify and implement improvements, enhancing product quality and customer satisfaction. We extend this same philosophy to our subcontractors, including our ISO 9001-registered foundries and our packaging providers.

Quality Assurance in Production

While the devices we fabricate are designed to provide greater test yields and increased manufacturability, our post-fabrication processing of devices allows for even greater assurance that delivered products give 100% satisfaction to the customer.

Some of the features of this processing are:

- ✕ Automated handling for every phase of wafer fabrication, testing, inspection, and device packaging;
- ✕ Wafer singulation using scribe & break or sawing processes for MIL-STD-883 Method 2010 visual compliance;
- ✕ 100% Testing and Inspection of devices with traceability from wafer to device; and
- ✕ Tailored processes to meet customer-specified requirements.

Quality Assurance in Customer Support

Mimix Asia utilizes systems engineering expertise for unsurpassed customer support in applications engineering. Our Product Management group strives to develop unique customer-supplier relationships that enable efficient communication between Mimix and our customers. These relationships allow us to be responsive to customer requests for support or other needs, so that our customers know they remain our number one priority.

Mimix Asia is an ISO 9001-Registered Company
